

This is an extremely rare opportunity to acquire this profitable wholesale production nursery based in Brisbane's south east suburbs. The business is located on 15 acres and supplies Bunnings stores across Queensland and NSW.

The current owners have also identified further growth areas so a new owner could easily expand the business further if desired.

The business is for sale (leasehold) for \$150,000 + SAV (approx \$180K) and will be sold with all the relevant equipment.

Please call Michelle on 0432 455 183 for more information.
